

# US Protectionism Against China: The Great Wall of America

Number of additional US protectionist measures aimed at China

The number of **protectionist measures** affecting trade worldwide stands at a high but almost stable level. A **major exception to this trend is the US**, which has brought 81 new measures so far this year, more than a fourth of the 300 worldwide

**16 of these protectionist measures were aimed at China**, double the number for the whole of 2016
