Commercial overview

At the end of 2014, new business reached €305 million which is €13 million above the level of 2013 and a record level in EH history. New business is supported by Americas, Asian and Middle East markets and new lines of business, namely Trade Finance and Excess of Loss.

2014 retention rate stands at 90%, on a par with 2013. The lowest retention rates are observed in the World Programs and China, while France shows good performance.

Average rates evolution is negative (-2%) due to the benign claims environment.

The contribution from customers' insured turnover is flat overall, driven by lack of GDP growth and inflation in Europe.
